

Why choose a career in IT?

- Over the next 5 years more than 110,000 jobs will be created in the UK's IT sector.
- IT professionals aged between 16 and 29 earn around 1/3 MORE than the national average for workers of their age.

Why choose Zenos?

- Most Zenos learners say that by the end of their training they have become 'motivated, very employable, skilled employees with a good career path and good earning potential.'
- In TECHNICAL terms employers say Zenos apprentices are on a par with IT graduates from university but our learners have NO tuition fee debt.
- In PERSONAL terms Zenos apprentices are, on average, better off than university graduates or young people who went straight to minimum wage work from school.

ZENOS

For more information about our Open Events and ongoing recruitment in your area call 0845 055 6404 (local rates apply), or go to:

zenos.com/connect

Employers of Zenos apprentices describe them as:

- The most technically competent
- Very goal-oriented
- More productive than most other recruits
- Valuable because they have industry recognised qualifications

We will promote the health, safety and welfare of young people by providing opportunities for them to undertake their training/employment safely.

Connecting you to a career in IT

Zenos IT Apprenticeships for 19-24 year olds

Earn the Apprenticeship wage and pay no tuition fees.

What is an Apprenticeship?

Apprenticeships are a great way of gaining qualifications and workplace experience. They are becoming more and more recognised and accepted by UK employers as a way of recruiting skilled and hard-working young people.

If you're aged 19-24, want to earn money whilst you train and have an interest in IT, then a Zenos Advanced Apprenticeship in IT Support might be just what you're looking for.

The Zenos Programme

A Zenos programme leads not only to an Advanced Apprenticeship but also to internationally recognised qualifications that employers of IT professionals look for.

Other benefits of a Zenos programme:

- 1 typically 15 weeks study in a state-of-the-art Training Centre
- 2 Up to 24 weeks on-the-job assessment
- 3 Earn the Apprenticeship wage whilst you train
- 4 No tuition fees to pay
- 5 Gain Microsoft and CompTIA qualifications*
- 6 Outstanding success rates - more than 96% of our learners gain their Apprenticeship

* CompTIA and certain Microsoft qualifications are offered free of charge as part of the Apprenticeship. Optional qualifications are available for a fee; please contact us for details.

Helping you find the right job

You will spend some of your time working with an employer, putting into practice all the training you've received in the Training Centre. This is a great way to convince an employer to offer you a permanent role once you finish the programme.

We can help in many other ways including:

- Advice and support on how to conduct yourself at work
- Creating a powerful CV
- Great interview techniques
- Writing application letters that make you stand out

More than 96% of Zenos learners gain their Advanced Apprenticeship
